

PSA Disc Rolls and NorGrip Discs

Dry Ice PSA (pressure sensitive adhesive) link disc rolls and NorGrip hook and loop discs with patented Norton SG ceramic grain are the perfect solution for hard to sand and self-healing clears. Dry Ice also works well on composite material, aluminum and other difficult-to-sand surfaces.

PSA Sheet Rolls

Stick and Sand Sheet Rolls are PSA backed, so you can peel them off easily and stick them on at any length, quickly.

Patented SG ceramic grain

Unique fiber reinforced latex/paper backing

Superior cut on abrasion resistant paints and clears

FEATURES

- Patented Norton SG ceramic grain
- Fiber reinforced latex/paper backing

BENEFITS

- Superior cut on abrasion resistant paints and clears
- Cuts difficult to sand surfaces
- Maximum tear resistance
- Flexible and easy removal
