

### Premium Masking Tape

Norton Premium Masking Tape goes on easy, sticks fast and holds tight. It conforms easily to contours and irregular surfaces. Norton Premium Masking Tape can be baked up to 260°F and be exposed to wet sanding without adhesive transfer. There is no bleed-through or flaking upon removal.

### Double Roll Masking Tape

The Norton Double Roll 3/4" x 110 meters Premium Masking Tape is engineered to be used with any Masker. Rather than change a roll of tape 4 times for every 750' roll of paper, the Norton double roll cuts your tape changeovers in half.

### Fine Line Tape

Fine Line Tape adheres to and conforms easily to contours and irregular surfaces. This tape's unique thinness allows for minimum edge build-up and leaves no residue when removed. Resistant to temperatures up to 180°F.

- "Pucker-free" cornering
- Straight edges on long runs
- Stays in place
- No curling edges or rollback

**Quick stick and stays in place with no lifting or roll-back**

**Leaves no residue**

**Conforms to irregular surfaces**

#### FEATURES

- Rubber based adhesive
- Saturated crepe paper
- Tan Color

#### BENEFITS

- Superior quick stick
- Stays in place
- Easily removed without adhesive transfer
- Conforms to curved surfaces without lifting or tearing
- Resists moisture and solvents
- No bleed-through
- No curling edges or roll-back
- Easy to see

### Premium Automotive Attachment Tape

High-density gray foam tape coated with high strength acrylic adhesive on both sides with red polyethylene release liner is designed for bonding medium to large moldings and accessories. High strength acrylic adhesive provides superior adhesion to plastics, metal, and glass and painted vehicle surfaces.

- Used for attaching body side moldings, cladding, door edges, emblems, interior trim, rocker panel moldings and pillar covers
- Instant pressure-sensitive bonding
- Remains flexible at low temperatures
