# NORTON GOLD A290 DISCS AND SHEETS

What makes the GOLD 290 family of sandpapers deliver? A sharp, hard p-graded aluminum oxide abrasive, bonded to a tough, tear resistant durable paper. The result? A high-performance sandpaper that produces a quick, cool cut at a non-premium price, while a resin bond system offers longer work life and higher resistance to wear.

FEATURES	BENEFITS
<ul style="list-style-type: none"> <li>• "P" graded premium A/O grain</li> </ul>	<ul style="list-style-type: none"> <li>• Produces a quick, cool cut</li> <li>• Produces a more consistent scratch pattern</li> </ul>
